Nolan R. Behr, DDS

Dr. Nolan Behr has been serving the Colorado Springs community as a general dentist and practice owner for over 32 years. Dr. Behr has built his practice on the core values of integrity, honesty, and compassion. He and his exceptional team apply these principles in everything they do. As many dental practices have become impersonal and corporate-owned, the mission here remains the same:

- To provide clinical excellence
- With compassionate care
- To create an exceptional patient experience
- Generating a positive impact in each patient's life

Dr. Behr and his friendly and knowledgeable team use their expertise to educate and guide each patient through all aspects of their dental treatment, with an emphasis on building relationships to help patients achieve their best dental health. Many families have been coming to Dr. Behr for generations! A spirit of "service to others" is at the heart of the practice.

Dr. Behr moved to Colorado after being born and raised in Iowa. He attended the University of Iowa for both undergraduate and dental school, earning his DDS in 1989, and remains an avid Hawkeye. Continuing his education throughout his career, Dr. Behr completed advanced restorative dental training through the FACE Course. This education has influenced his dentistry in every aspect, and has made him a leading provider for patients with complex dental needs. He is a member of the ADA, CDA, and the Colorado Prosthodontic Society. He combines his extensive experience and knowledge with the latest digital technology to provide the highest level of care. Same day crowns are made in-office.

Giving back to the community has always been important to Dr. Behr. Early in his career, he was the Dental Director of the Community Health Center alongside his private practice. Over the years he coached many youth sports teams in hockey, baseball, and football. Currently he is a provider for Donated Dental Services and is actively involved in church ministry. He enjoys skiing, biking, and spending time with his family. Dr. Behr is honored to be selected by his peers as one of Colorado Springs Top Dentists.
